

How it works

Since the last four years, thanks to the partnership between Banco Alimentare and Fiere di Parma, Banco Alimentare volunteers have been recovering the products that the companies at the end of Cibus donate and save from waste. These foods acquire a new social value: Banco Alimentare distributes them to charitable organisations in Emilia-Romagna region that help people in need.

Discover the positive impact of your donation!

21,000 tons of CO2 equivalent not emitted

😚 30,000 meals* donated to charitables organisations

Join us! With two actions

1| Fill out the form

by scanning the OR code with your phone

in containers suitable for transportation. Fill out our label and attach it to the container. Store products at the correct temperatures until volunteers

Pay attention

Recoverable products 📛

Packaged products Bakery products Fresh fruit and vegetables Canned goods Cured meats and cheeses

Ready meals Frozen products
